battery	12V5AH*1pcs		12V7AH*12pcs	DC12V/24V/48V option	
standby time	About 15 minutes		discharge independently for 4 hours	external battery supply	
regulation methods	4PCS relay	2 PCS relay	2PCS relay	4pcs relay regulation	
function	individuation, super-thin container, muliti-functional outlets, short circuit, overload, lightning proof, filter and cut off protection,RJ11/RJ45		unit container in design, without occupied space, pure waveform, strong anti-interruptible, electrics short circuit, overload, filter etc, fit to hospital ,bank and so on.	The built in large current charger(6A) can charge quickly which has short circuit, overload, over current, anti-interruptible etc.

System features:

- Super-small, super-thin in design in full plastic packing, have computer white, apple green, legend blue, IBM black (option);
- Super width input voltage, between 150V-275V battery without discharging, used frequency become less, life of its is longer;
- Operation voltage up to 450V UPS output normally and work;
- Battery discharging time is long, and it's up to 20 minutes (load 1PC)r;
- It has short circuit protection device, no need worried about burned machine due to the faulty operation;
- It can be long back up supply for 24 hours on-line;
- It has over discharge protection, over charge protection;
- It has been CPU, computer interface in design, with self-test function;
- 3 class lighting protection, protection your facility all day;
- No load automatically switch (option) ;
- Multi function alarm;
- We adopt muliti-functional 5 output outlets;
- It has RJ11/RJ45 interface, lightning proof protection devices;
- Absorb induce lightning strike etc over voltage, response quickly,under remnant voltage;
- Quickly blow, hot overload, creepage protector;
- To adopt ABS prevented burning materials, no frangibility;
- Have strong anti-interruptible feature, sieve and strain miscellaneous wave strongly;
- Suitable for air-condition, multi media computer, multi-media sound, telephone、power,Router,DDN wire,VOIP,ADSL/VDSL/PSTN and so on.

Application field:

- PC;
- Terminal;
- I contact,internet devices;
- Computer aided teaching devices;
- Fax,telephone,remotely commuter device etc communication facility;
- Cash register;
- Electrics equipment etc office facility;
- Medical treatment,negotiable securities paper,bank etc.
